

# Grand Valley II Wind Farm Project Environmental Screening Review

## INVITATION TO COMMENT

Dear Friends and Neighbours:

Grand Valley Wind Farms Inc. has completed a draft environmental screening report for the Grand Valley II Wind Project (see location map below). The report was prepared in accordance with the Ontario Ministry of the Environment's *Guide to Environmental Assessment Requirements for Electricity Projects*. The proposed project involves the installation of up to 12 wind turbines and a several transformers with a total electrical capacity of 24 megawatts (MW).

### Where to find a copy of the draft Environmental Screening Report

A hard copy of the environmental screening report is available at the East Luther Grand Valley Public Library, 4 Amaranth St. East, Grand Valley, Ontario. If you want to view an electronic version of the Environmental Screening Report, visit [www.windrush-energy.com](http://www.windrush-energy.com) and follow the links to the report.

### Your input is appreciated

Before finalizing the environmental screening report, we are asking for your questions and comments on the draft version. We ask that you find time over the next few weeks to review the report and forward us your comments, questions, and concerns.

Forward responses by March 1<sup>st</sup>, 2008 to the following:
